

Photoluminescent Cast Resin Safety Markers

Offering a design that guarantees strength, rigidity and architectural harmony.

Safety, Safety, Safety, Safety, Safety

**At Home At Work in times of Earthquakes Power Failure Natural Disasters
When the Lights go out Our Long Afterglow Photoluminescent Domes and Markers will
show you the way out.**

**Pathway Marker Domes -Simply Stick on to the wall
Installation Height -20 -30 cm from the Floor**

- AUTOMATICALLY SELF ACTIVATING IN THE ABSENCE OF LIGHT.
- THEY DO NOT REQUIRE BATTERIES OR A SEPARATE POWER SUPPLY AND ARE VIRTUALLY MAINTENANCE FREE! (EXCEPT FOR THE OCCASIONAL WIPE TO KEEP CLEAN)
- THEY RECHARGE FULLY IN JUST A FEW MINUTES WHEN RE-EXPOSED TO LIGHT! AND WILL CONTINUE TO DO SO FOR YEARS AND YEARS TO COME.
- IN DARKNESS THEY EMIT A HIGHLY VISIBLE NON-RADIOACTIVE LUMINESCENT GLOW WHICH LASTS FOR MANY HOURS.
