SAFETY GLOWSTEPS

PHOTOLUMINESCENT STAIR NOSINGS AND ANTI-SLIP FLOOR PLATES

(Galvanized steel or stainless steel backing)

- ✓ A permanent quickly installed solution to slip & fall problems on steps and landings.
- ✓ Designed to eliminate problems in areas that have been identified as a significant slipping hazard or an area that needs to be improved for the benefit of the entire process.
- ✓ The products will assist end users in managing these areas with confidence as well as having the assurance of a product that is high in performance and reliability.
- ✓ Even in the most slippery of environments (with a high presence of water, oils and other slippery substances), the products anti-slip capabilities remain unaffected.
